SUMMARY

A versatile individual who is always looking for an opportunity to bridge the gap between IT and business using analytics. I strive to enhance processes and increase effectiveness through technology, strategy, and analytical solutions. I have an excellent understanding of platforms like SQL, Spreadsheets, Tableau, and R to make informed decisions.

Bachelor of Engineering
Visvesvaraya Technological University
📅 2016 - 2020

GPA
8.24 / 10.0

Pre-University
Narayana PU College
📅 2014 - 2016

%
83.5 / 100

Secondary Education
Narayana E-Techno School
📅 2014

GPA
9.6 / 10.0

CASE STUDIES

Customer Dataset Analysis
The analysis is performed based on parameters such as Age, Gender, Annual Income and Spending Score of the customers to determine the "Target Customers" by using clustering technique and plan a strategy accordingly.

Airbnb Dataset Analysis
The analysis is performed based on various parameters to determine what types of rooms the customers prefer the most along with the location and plan a strategy accordingly to increase the occupation of the room.

Penguin Dataset Analysis
The analysis is performed based on factors like body mass and length to identify the relationship between the parameters, along with the distribution of penguins based on location and to identify the population of the penguins based on gender for a given timeline.

TECHNICAL SKILLS

Data analysis   Data Cleaning

Data Visualization   R programming

Data-driven decision making   SQL

Spreadsheets   Effective presentations

Tableau   Python   Linear Regression

Logistic Regression   GIT(GitHub)

Cluster Analysis(K-Means)   HTML

CSS   JavaScript   Bootstrap

Wordpress

CERTIFICATIONS

Google Data Analytics
Coursera

Data Analytics for Business Professionals in the field of Statistics
National Association of State Boards of Accoutancy (NASBA) - LinkedIn Learning

SQL Data Reporting and Analysis
LinkedIn Learning

Data Fluency Exploring and Describing Data
LinkedIn Learning

Shishu Mandir School
📅 12/2018 - 01/2019
Volunteered at an NGO and helped slow learning students by doing one on one interviews.

EXPERIENCE

Frontend Developer
Zersys Technologies Pvt Ltd

📅 06/2020 - Ongoing   📍 Bangalore, India

I pursued an internship as a junior web developer for a duration of five months and got coverted into a full time employee. Being a web developer, I take the client's requirement and build websites using Wordpress or develop custom websites by writing the code needed to implement it on the web and make it responsive using - HTML,CSS, JavaScript, Jquery and Bootstrap.
